DETAILED ACTION

Response to Amendment

The following is in response to the amendment filed October 29, 2008.

Response to Arguments

Applicant's arguments filed October 29, 2008 have been considered. In view of the arguments and amendment to the claims, Applicant has overcome the rejection under 35 U.S.C. 112, second paragraph, set forth previously. Applicant has also overcome the rejection under 35 U.S.C. 103(a) over Rudness (US 3,795,568) in view of White et al (US 3,337,394) or Robinson (US 3,194,729), and further in view of Harrison et al (US 4,306,053) or Smith et al (US 5,096,993). Neither of the references alone or in combination as applied teach the use of the claimed filler materials incorporated at the claimed levels to obtain the claimed material hardness.

Allowable Subject Matter

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

In a dewatering element of a wet end of papermaking machine having a sliding surface made from a material that comprises an elastomeric polymer matrix and a filler, the prior art does not disclose or suggest adding to the matrix a filler which is a low hardness filler having a hardness on Moh's scale between 1 and 5 and/or a solid lubricant filler at a level of 10 to 50 percent by weight such that the material hardness according to Shore A is between 60 and 85.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Hug whose telephone number is (571) 272-1192.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on 571 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
